

Sightseeing

Do you know what it means to "research"?

Research = involves finding out more about a particular topic.

You might use online sources, books, magazines or talk to people to find out more.

You are going to pick two sights in Japan and conduct some research. This could be anything from Tokyo Tower to Mount Fuji to Tsukiji Market. You can pick whatever you like.

You'll need to use "sources" for your research. As mentioned above, this could be books, websites, magazines, or even involve speaking with someone you know whose been to Japan. This template is optional. You might instead choose to draw a diagram of the sight with labels.

Sight #1: _____

Location: _____

Size (Dimensions): _____

Pick 2 adjectives to describe the site: _____

Some interesting facts: _____

Have you ever been here? Y N Would you like to visit? Y N

Sight #2: _____

Location: _____

Size (Dimensions): _____

Pick 2 adjectives to describe the site: _____

Some interesting facts: _____

Have you ever been here? Y N Would you like to visit? Y N
